Awesome Helpful Feature Guide

Clickable Icons on the home page

April 25, 2025

Overview

This feature allows administrators to create a more visually engaging homepage by adding clickable icons. These icons, either preselected or custom (PNG or SVG, 70x70px), can be used to reinforce branding and direct users to calls-to-action or other pages. This enhances the site's visual appeal, supports branding efforts, and guides users towards key content, resulting in an improved user experience.

Configuration Steps

Step 1: - Log in to the Administration Portal

Step 2: - Navigate to the Site Configuration tab

Step 3: - Click on Home Page from the side menu

Step 4: - On the right-hand side, click the '+ Icon' button

Step 5: - A placeholder square (e.g. "Icon 1") will appear in the homepage preview

Step 6: - Drag and drop the icon to the desired location

**Step 7:** - Click Edit on the icon to open the configuration dialogue

Step 8: - Choose a system icon or upload a custom icon (PNG or SVG, 70px x 70px)

Step 9: - Click Save and Publish

Step 10: - The icon will now be visible on the live homepage.
